

# Try it now: Archaeologist

## You need

- ☐ Paper
- ☐ Pencil
- ☐ Colours

## Steps

- 1** Draw what a future archaeologist might guess about your family from your kitchen.

## Before you start: what do I think will happen?

## My observations

Table 1. My observations

| What I did | What I saw or measured | What I learned |
|------------|------------------------|----------------|
|            |                        |                |
|            |                        |                |
|            |                        |                |
|            |                        |                |
|            |                        |                |

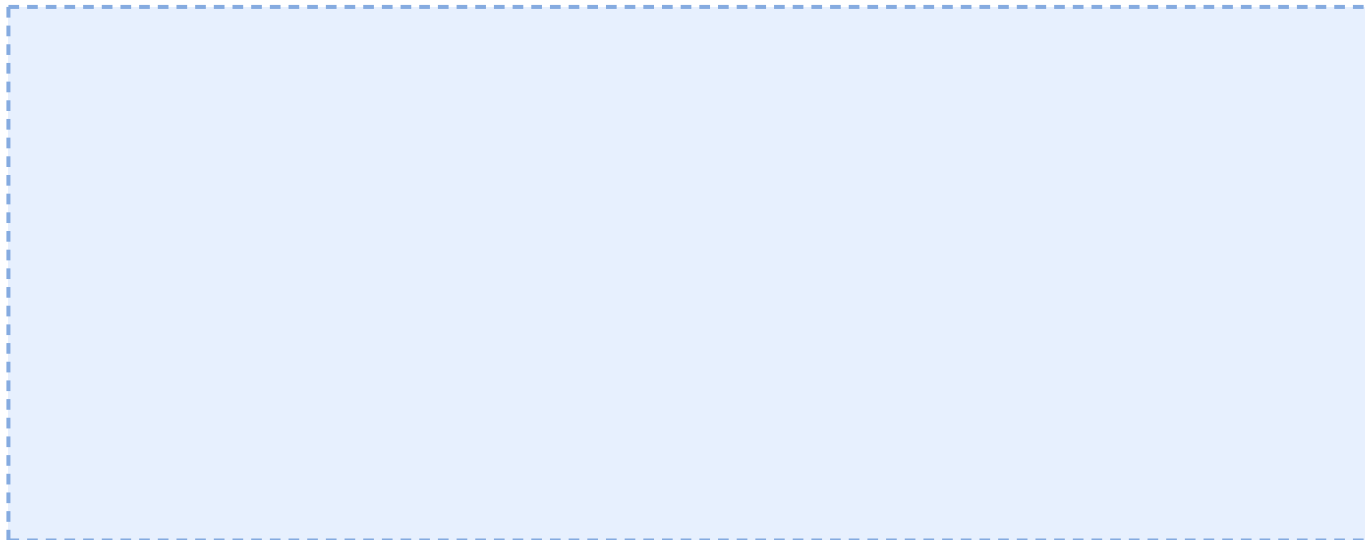

## Think about it

What did you enjoy most?

What was tricky?

Which part of this job would you like to learn more about?
