

Make a Pouch

Time: 40 minutes with an adult

You need

- ☐ Felt or old fabric about 20 by 15 cm
- ☐ Ruler or tape measure
- ☐ Thread and a blunt needle, or glue or a stapler
- ☐ Chalk or pencil

Steps

- 1** Measure what you want to carry, such as a pencil or a phone. Add 2 cm on each side.
- 2** Mark and cut the fabric with an adult.
- 3** Fold it in half and join the sides by stitching, gluing, or stapling.
- 4** Test it and adjust.

Safety: Ask an adult to help with scissors and needles.

Before you start: what do I think will happen?

My observations

Table 1. My measurements

Measure	Length (cm)	Width (cm)	Plus 2 cm on each side
What I want to carry			
Fabric I cut			

Think about it

Why do tailors measure twice?

What would you change next time?
